Mr. McGrath and Ms. Brogden,

After working with your agency I know how it works, circle the wagons and stock up on baloney to send out to the public. You should be terminated forthwith along with your staff that let this happen.

Sincerely,

Webb Wiley (626) 375-0491

EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife.

Please see our website for the latest information: <http://www2.epa.gov/region8/gold-king-mine-release-emergency-response>

Regular updates will be posted as they are available.

Dear Mr. McGrath,

With as much damage as you have allowed to happen, resignation in disgrace is your only option. This incident only proves that you in particular and government in general is incompetent.

Sincerely,

Webb Wiley (626) 375-0
